<h1>Submission Guidelines</h1>

<h4>Regular Papers</h4>

<p>Regular Nature Conference 21 submissions must describe substantial, original, completed and unpublished work. Wherever appropriate, concrete evaluation and analysis should be included. Review forms will be made available prior to the deadlines.</p>

<p>Regular papers may consist of 12 - 15 pages of content including references.</p>

<h4>Short Papers</h4>

<p>Nature Conference 21 also solicits short papers. Short paper submissions must describe original and unpublished work. Short papers should have a point that can be made in a few pages. Some kinds of short papers are:</p>

A small, focused contribution

Work in progress

Experience Papers

Survey Papers

A negative results

An opinion piece

<p>Short papers may consist of 6 - 8 pages including references. Short papers will be presented in one or more oral or poster sessions. While short papers will be distinguished from regular papers in the proceedings, there will be no distinction in the proceedings between short papers presented orally and as posters.</p>

<h4>Submission format</h4>

<p>Authors must follow the Springer LNCS formatting instructions. For camera-ready papers use Latex or Word style (Author's instruction page). Each paper will receive at least three reviews. At least one author of each accepted paper must register by the early registration date indicated on the conference website and present the paper.</p>

<hr/>

<h2>Publication</h2>

<p>Accepted papers that are presented at the conference will be included in the conference proceedings and published in the Springer IFIP AICT (Advances in Information and Communication Technology) series. Volumes published will be indexed in Conference Proceedings Citation Index (CPCI) - part of Clarivate Analytics' Web of Science, EI Engineering Index, ACM Digital Library, DBLP, Google Scholar and Scopus.</p>
